INFORMATION CIRCULAR

with information as at November 8, 2023 *(except as otherwise indicated)*

This Information Circular (the “**Circular**”) is furnished in connection with the solicitation of proxies by the management of **East West Petroleum Corp.** (the “**Company**” or “**East West**”) for use at the annual general and special meeting (the “**Meeting**”) of the Company (and any adjournment thereof) to be held on December 15, 2023 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

This Circular describes the matters that need to be dealt with at the annual general meeting of the Company, pertaining to annual corporate matter requirements, which are detailed below.

In this Circular, references to the “**Company**”, “**East West**”, “**we**” and “**our**” refer to East West Petroleum Corp. “**Common Shares**” means common shares without par value in the capital of the Company. “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name and “**intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of the Beneficial Shareholders. Unless otherwise stated, all dollar (“**\$**”) amounts disclosed herein are reported in **Canadian currency**. US currency is represented as “**US\$**”.

GENERAL PROXY INFORMATION

Solicitation of Proxies

The solicitation of proxies will be primarily by mail, but proxies may be solicited personally or by telephone by directors, officers and regular employees of the Company. The Company will bear all costs of this solicitation. We have arranged for intermediaries to forward the meeting materials to beneficial owners of the Common Shares held of record by those intermediaries and we may reimburse the intermediaries for their reasonable fees and disbursements in that regard.

Appointment of Proxyholders

The individuals named in the accompanying form of proxy (the “**Proxy**”) are officers and/or directors of the Company. **If you are a shareholder entitled to vote at the Meeting, you have the right to appoint a person or company other than either of the persons designated in the Proxy, who need not be a shareholder, to attend and act for you and on your behalf at the Meeting. You may do so either by inserting the name of that other person in the blank space provided in the Proxy or by completing and delivering another suitable form of proxy.**

Voting by Proxyholder

The persons named in the Proxy will vote or withhold from voting the Common Shares represented thereby in accordance with your instructions on any ballot that may be called for. If you specify a choice with respect to any matter to be acted upon, your Common Shares will be voted accordingly. The Proxy confers discretionary authority on the persons named therein with respect to:

- (a) each matter or group of matters identified therein, for which a choice is not specified, other than the appointment of an auditor and the election of directors,
- (b) any amendment to or variation of any matter identified therein, and
- (c) any other matter that properly comes before the Meeting.

In respect of a matter for which a choice is not specified in the Proxy, the persons named in the Proxy will vote the Common Shares represented by the Proxy for the approval of such matter.

Registered Shareholders

If you are a registered shareholder, you may wish to vote by proxy whether or not you are able to attend the Meeting in person. To submit a proxy you may do so using one of the following methods:

- (a) complete, date and sign the enclosed form of proxy and return it to the Company's transfer agent, Computershare Trust Company of Canada ("**Computershare**"), by fax within North America at 1-866-249-7775, outside North America at 1-416-263-9524, or by mail to the 8th Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1 or;
- (b) use a touch-tone phone to transmit voting choices to a toll free number. Registered shareholders must follow the instructions of the voice response system and refer to the enclosed proxy form for the toll-free number, the holder's account number and the proxy access number; or
- (c) log on to Computershare's internet voting website at www.investorvote.com. Registered Shareholders must follow the instructions provided at the site and refer to the enclosed proxy form for the holder's account number and the proxy access number.

Be sure that the proxy is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the Meeting or the adjournment thereof at which the proxy is to be used.

Beneficial Shareholders

The following information is of significant importance to shareholders who do not hold East West Common Shares in their own name. Beneficial Shareholders should note that the only proxies that can be recognized and acted upon at the Meeting are those deposited by registered shareholders (those whose names appear on the records of the Company as the registered holders of East West Common Shares) or as set out in the following disclosure.

If East West Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those East West Common Shares will not be registered in the shareholder's name on the records of the Company. Such East West Common Shares will more likely be registered under the names of intermediaries. In Canada the vast majority of such East West Common Shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms), and in the United States, under the name of Cede & Co. as nominee for The Depository Trust Company (which acts as depository for many U.S. brokerage firms and custodian banks).

Intermediaries are required to seek voting instructions from Beneficial Shareholders in advance of meetings of shareholders. Every intermediary has its own mailing procedures and provides its own return instructions to clients.

There are two kinds of Beneficial Shareholders: Non-Objecting Beneficial Owners ("**NOBOs**") do not object to the issuers of the securities they own knowing who they are; and Objecting Beneficial Owners ("**OBOs**") do object to their name being made known to the issuers of securities which they own.

These securityholder materials are being sent to both registered and non-registered (beneficial) owners of the securities of the Company. If you are a non-registered (beneficial) owner, and if the Company or its agent has sent these materials directly to you, your name, address and information about your holdings of securities, were obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf.

Beneficial Shareholders who are OBOs should follow the instructions of their intermediary carefully to ensure that their East West Common Shares are voted at the Meeting.

The proxy form supplied to you by your broker will be similar to the proxy provided to registered shareholders by the Company. However, its purpose is limited to instructing the intermediary on how to vote your East West Common Shares on your behalf. Most brokers delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**") in Canada and in the United States. Broadridge mails a voting instruction form ("**VIF**") in lieu of the proxy provided by the Company. The VIF will name the same persons as the Company's

Proxy to represent your East West Common Shares at the Meeting. You have the right to appoint a person (who need not be a Beneficial Shareholder of the Company), who is different from any of the persons designated in the VIF, to represent your East West Common Shares at the Meeting and that person may be you. To exercise this right, insert the name of the desired representative, which may be you, in the blank space provided in the VIF. The completed VIF must then be returned to Broadridge in accordance with Broadridge's instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of East West Common Shares to be represented at the Meeting and the appointment of any shareholder's representative. **If you receive a VIF from Broadridge, the VIF must be completed and returned to Broadridge, in accordance with its instructions, well in advance of the Meeting in order to have your East West Common Shares voted or to have an alternate representative duly appointed to attend the Meeting and vote your East West Common Shares at the Meeting.**

Notice to Shareholders in the United States

The solicitation of proxies involves securities of an issuer located in Canada and is being effected in accordance with the corporate laws of the Province of British Columbia, Canada and securities laws of the provinces of Canada. The proxy solicitation rules under the *United States Securities Exchange Act of 1934*, as amended, are not applicable to the Company or this solicitation, and this solicitation has been prepared in accordance with the disclosure requirements of the securities laws of the provinces of Canada. Shareholders should be aware that disclosure requirements under the securities laws of the provinces of Canada differ from the disclosure requirements under United States securities laws.

The enforcement by Shareholders of civil liabilities under United States federal securities laws may be affected adversely by the fact that the Company is incorporated under the *Business Corporations Act* (British Columbia), certain of its directors and its executive officers are residents of Canada and a substantial portion of its assets and the assets of such persons are located outside the United States. Shareholders may not be able to sue a foreign company or its officers or directors in a foreign court for violations of United States federal securities laws. It may be difficult to compel a foreign company and its officers and directors to subject themselves to a judgment by a United States court.

Revocation of Proxies

In addition to revocation in any other manner permitted by law, a registered shareholder who has given a proxy may revoke it by:

- (a) executing a proxy bearing a later date or by executing a valid notice of revocation, either of the foregoing to be executed by the registered shareholder or the registered shareholder's authorized attorney in writing, or, if the registered shareholder is a company, under its corporate seal by an officer or attorney duly authorized, and by delivering the proxy bearing a later date to Computershare or at the registered office address of the Company, 1305 – 1090 West Georgia Street, Vancouver, British Columbia Canada, V6E 3V7 (the "**Registered Office**") at any time up to and including the last business day that precedes the day of the Meeting or, if the Meeting is adjourned, the last business day that precedes any reconvening thereof, or to the chairman of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law, or
- (b) personally attending the Meeting and voting the registered shareholder's East West Common Shares.

A revocation of a proxy will not affect a matter on which a vote is taken before the revocation.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON

No director or executive officer of the Company, or any person who has held such a position since the beginning of the last completed financial year of the Company, nor any nominee for election as a director of the Company, nor any associate or affiliate of the foregoing persons, has any substantial or material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted on at the Meeting other than the election of directors, as further described below.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Board of Directors of the Company (the “**Board**”) has fixed November 8, 2023 as the record date (the “**Record Date**”) for determining persons entitled to receive notice of the Meeting. Only shareholders of record at the close of business on the Record Date who either attend the Meeting personally or complete, sign and deliver a form of proxy in the manner and subject to the provisions described above will be entitled to vote or to have their Common Shares voted at the Meeting.

The Common Shares are listed on the TSX Venture Exchange (the “**TSXV**”) under stock symbol “EW”. The Company is authorized to issue an unlimited number of Common Shares. As of November 8, 2023, there were 89,585,665 Common Shares, without par value, issued and outstanding, each carrying the right to one vote. No group of shareholders has the right to elect a specified number of directors, nor are there cumulative or similar voting rights attached to the Common Shares.

To the knowledge of the directors and executive officers of the Company, no person or company beneficially owned, directly or indirectly, or exercised control or direction over, Common Shares carrying more than 10% of the voting rights attached to all outstanding shares as at November 8, 2023.

VOTES NECESSARY TO PASS RESOLUTIONS

A simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein, except the approval of the sale of oil and gas assets which requires a special majority of 66⅔% of the votes cast by shareholders. If there are more nominees for election as directors or appointment of the Company’s auditor than there are vacancies to fill, those nominees receiving the greatest number of votes will be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees will be declared elected or appointed by acclamation.

Conflicts of Interest

Conflicts of interest may arise from the fact that certain directors of the Company may also hold positions as directors or officers of other companies. Some of the directors of the Company have been and will continue to be engaged in the identification and evaluation of assets, businesses and companies on their own behalf and on behalf of other companies, and situations may arise where the directors and officers of the Company are involved with companies in direct competition with the Company. Conflicts, if any, are currently subject to the procedures and remedies provided under the Act. Currently, any directors who are in a position of conflict abstain from voting on any matters, which may relate in any way to the matter in conflict.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

An informed person is one who, generally speaking, is a director or executive officer or a 10% shareholder of the Company. To the knowledge of management of the Company, no informed person or any associate or affiliate of any informed person has any interest in any proposed transaction, which has materially affected or would materially affect the Company or any of its subsidiaries, except as disclosed in this Circular.

ELECTION OF DIRECTORS

The directors of the Company are elected annually and hold office until the next annual general meeting of the shareholders or until their successors are elected or appointed. Management of the Company proposes to nominate the persons listed below for election as directors of the Company to serve until their successors are elected or appointed. In the absence of instructions to the contrary, Proxies given pursuant to the solicitation by Management will be voted for the nominees listed in this Circular. Management does not contemplate that any of the nominees will be unable to serve as a director.

Number of Directors

The size of the Company's Board is currently set at three (3). The Board proposes that the number of directors remain at three (3). At the Meeting, shareholders will be asked to approve an ordinary resolution to set the number of directors at three (3). An ordinary resolution requires a simple majority of votes cast by the shareholders present in person or represented by proxy and entitled to vote at the Meeting.

In the absence of instructions to the contrary, the persons named in the enclosed form of proxy intend to vote the Common Shares represented thereby in favour of passing this resolution. The Board recommends you vote in favour of the above resolution.

Advance Notice Policy

On May 21, 2013, the Board adopted an advance notice policy (the "Advance Notice Policy") with immediate effect, a copy of which was posted under the Company's SEDAR profile at www.sedarplus.ca on May 23, 2013, and which Advance Notice Policy was ratified, confirmed and approved at the Company's annual general meeting held June 26, 2013. Disclosure

Mark Brown, a director of the Corporation, was formerly a director of Sutter Gold Mining Inc. (“SGM”), a company listed on the TSX Venture Exchange. Mr. Brown resigned as a director of SGM on May 21, 2019. On May 6, 2019, SGM received a cease trade order issued by the British Columbia Securities Commission for failure to file audited financial statements and Management’s Discussion & Analysis for the year ended December 31, 2018. SGM’s listing on the TSX Venture Exchange remains suspended until SGM meets TSX Venture Exchange’s requirements and upon the revocation of the cease trade order. Pursuant to an order of the Supreme Court of British Columbia dated May 17, 2019, a receiver was appointed over all of the assets, undertakings and properties of SGM, and the assets were subsequently purchased by an Australian mining group.

From August 9, 2018 until February 13, 2019, Mark Brown was a director of Ascent Industries Corp. (“Ascent”), a company listed on the Canadian Securities Exchange. On March 1, 2019, the Supreme Court of British Columbia issued an order granting Ascent’s application for creditor protection under the Companies’ Creditors Arrangement

Act (Canada) to address near term liquidity issues. In March 2020, Ascent was discharged from CCAA protection and resumed trading on the Canadian Securities Exchange in May 2020 under the new name Luff Enterprises Ltd.

Individual Bankruptcies

AUDIT COMMITTEE AND RELATIONSHIP WITH AUDITOR

National Instrument 52-110 – *Audit Committees* (“NI 52-110”) requires the Company, as a venture issuer, to disclose annually in its information circular certain information concerning the constitution of its audit committee and its relationship with its independent auditor. Such disclosure is set forth below.

The Audit Committee’s Charter

The Audit Committee has a charter, a copy of which is attached as Schedule “A” to the information circular prepared for the Company’s 2017 annual general meeting, which was filed under the Company’s SEDAR profile on October 23, 2017 at www.sedar.com.

Composition of Audit Committee and Independence

The Company’s Audit Committee currently consists of Nick Demare (chairperson), Mark T. Brown and Kevin William Haney.

NI 52-110 provides that a member of an audit committee is “independent” if the member has no direct or indirect material relationship with the Company, which could, in the view of the Board, reasonably interfere with the exercise of the member’s independent judgment. Of the Company’s current Audit Committee Messrs. Brown and Haney are “independent” within the meaning of NI 52-110. Mr. Demare is not “independent” as he is the interim CEO of the Company.

NI 52-110 provides that an individual is “financially literate” if he or she has the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s

financial statements. All of the members of the Audit Committee are “financially literate” as that term is defined. The following sets out the Audit Committee members’ education and experience that is relevant to the performance of his responsibilities as an audit committee member.

Relevant Education and Experience

Nick Demare is a Chartered Professional Accountant and has been the President of Chase Management Ltd. since 1991, providing accounting, management, securities regulatory compliance and corporate secretarial services to companies listed on the Exchange and the TSX and has served on the audit committee of many of these companies. He also serves as a director and officer of a number of public companies listed on the Exchange and the TSX. Mr. Demare holds a Bachelor of Commerce degree from the University of British Columbia and is a member in good standing of the Institute of Chartered Accountants in British Columbia.

Mark T. Brown has assisted in the successful establishment of several private and public companies. In the public company sector, Mr. Brown has played key roles in the success of several companies, which his team at Pacific Opportunity have listed on the TSXV, the TSX and the NYSE Mkt Exchanges. His corporate focus is on merger and acquisition transactions, financing, strategic corporate planning, and corporate development. One of the companies founded and run by the team at Pacific Opportunity was built into a plus \$500 million market capitalization entity and they have had many other successes over the past 20 years.

Kevin William Haney is a successful entrepreneur with over 20 years of experience in the oil and gas industry. With many years of knowledge both in conventional and shale development in Canada and the USA. He is the President of his own private oil company.

As a result of their respective business experience and educational background, each member of the audit committee (i) has an understanding of the accounting principles used by the Company to prepare its financial statements, (ii) has the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves, (iii) has experience in analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to issues that can reasonably be expected to be raised by the Company’s financial statements, and (iv) has an understanding of internal controls and procedures for financial reporting.

Audit Committee Oversight

Since the commencement of the Company’s financial year ended March 31, 2023, the Audit Committee has not made any recommendations to nominate or compensate an external auditor, which were not adopted by the Board.

Reliance on Certain Exemptions

The Company’s auditor, Davidson & Company LLP, Chartered Professional Accountants, have not provided any non-audit services. At no time since the commencement of the Company's two most recently completed financial years has the Company relied on the exemption in Section 2.4 of NI 52-110 (*De Minimis* Non-Audit Services), or an exemption from NI 52-110, in whole or in part, granted under Part 8 (*Exemptions*).

Pre-Approval Policies and Procedures

Formal policies and procedures for the engagement of non-audit services have not been formulated or adopted by the Committee. Subject to the requirements of NI 52-110, the engagement of non-audit services is considered by the Board, and where applicable by the Committee, on a case-by-case basis.

Audit Fees

The Audit Committee has reviewed the nature and amount of the non-audit services provided by the Company’s current auditor, Davidson & Company LLP, Chartered Professional Accountants, (the “Auditors”) to the Company to ensure auditor independence. Fees incurred with the Auditors, for audit and non-audit services in the last two fiscal years are outlined in the following table:

Financial Year Ending	Audit Fees⁽¹⁾	Audit Related Fees⁽²⁾	Tax Fees⁽³⁾	All Other Fees⁽⁴⁾
March 31, 2023	\$45,000	Nil	Nil	Nil
March 31, 2022	\$42,000	Nil	Nil	Nil

Notes:

- (1) "Audit fees" include aggregate fees billed by the Company's external auditor in each of the last two fiscal years for audit fees.
- (2) "Audit related fees" include the aggregate fees billed in each of the last two fiscal years for assurance and related services by the Company's external auditor that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under "Audit fees" above. The services provided include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.
- (3) "Tax fees" include the aggregate fees billed in each of the last two fiscal years for professional services rendered by the Company's external auditor for tax compliance, tax advice and tax planning. The services provided include tax planning and tax advice includes assistance with tax audits and appeals, tax advice related to mergers and acquisitions, and requests for rulings or technical advice from tax authorities.
- (4) "All other fees" include the aggregate fees billed in each of the last two fiscal years for products and services provided by the Company's external auditor, other than "Audit fees", "Audit related fees" and "Tax fees" above.

Exemption

The Company is a "venture issuer" as defined in NI 52-110 and, as such, relies on the exemption set out in section 6.1 of NI 52-110 with respect to Part 3 (*Composition of the Audit Committee*) and Part 5 (*Reporting Obligations*).

CORPORATE GOVERNANCE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("NI 58-101") requires issuers to disclose their corporate governance practices and National Policy 58-201 - *Corporate Governance Guidelines* ("NP 58-201") provides guidance on corporate governance practices. This section sets out the Company's approach to corporate governance and addresses the Company's compliance with NI 58-101.

Corporate governance refers to the policies and structure of the board of directors of a company, whose members are elected by and are accountable to the company's shareholders. Corporate governance encourages establishing a reasonable degree of independence of the board of directors from executive management and the adoption of policies to ensure the board of directors recognizes the principles of good management. The Board is committed to sound corporate governance practices as such practices are both in the interests of shareholders and help to contribute to effective and efficient decision-making.

Board of Directors

Management is nominating three individuals to the Board, all of whom are current directors of the Company.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as "independent" directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect "material relationship" with the Company. A "material relationship" is defined as a relationship, which could, in the view of the Company's Board, reasonably interfere with the exercise of a director's independent judgment. The current members of the Board are considered "independent" within the meaning of NI 52-110, except for Nick Demare, who is the current interim CEO of the Company.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO. The Board gives direction and guidance through the CEO to Management and keeps Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee. The Board establishes and periodically reviews and updates the Audit Committee mandate, duties and responsibilities, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO and CFO of the Company and establishes the duties and responsibilities of those positions, and on the recommendation of the CEO, appoints the senior officers of the Company and approves the senior management structure of the Company.

The Board exercises its independent supervision over management through its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. Orientation and Continuing Education

The Board's practice is to recruit for the Board only persons with extensive experience in the oil and gas business and in public company matters. Prospective new board members are provided with a reasonably detailed level of background information, verbal and documentary, on the Company's affairs and plans prior to obtaining their consent to act as a director.

The Board provides training courses to the directors as needed, to ensure that the Board is complying with current legislative and business requirements.

Ethical Business Conduct

The Board has found that the fiduciary duties placed on individual directors by the Company's governing corporate legislation and the common law and the restrictions placed by applicable corporate legislation on an individual director's participation in decisions of the Board in which the director has an interest have been sufficient to ensure that the Board operates independently of management and in the best interests of the Company.

Under the corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Company and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction. The director must then abstain from voting on the contract or transaction unless the contract or transaction (i) relates primarily to their remuneration as a director, officer, employee or agent of the Company or an affiliate of the Company, (ii) is for indemnity or insurance for the benefit of the director in connection with the Company, or (iii) is with an affiliate of the Company. If the director abstains from voting after disclosure of their interest, the directors approve the contract or transaction and the contract or transaction was reasonable and fair to the Company at the time it was entered into, the contract or transaction is not invalid and the director is not accountable to the Company for any profit realized from the contract or transaction. Otherwise, the director must have acted honestly and in good faith, the contract or transaction must have been reasonable and fair to the Company and the contract or transaction be approved by the shareholders by a special resolution after receiving full disclosure of its terms in order for the director to avoid such liability or the contract or transaction being invalid.

Nomination of Directors

The Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chairman and a majority of the non-executive directors.

Compensation

The Board does not currently have a compensation committee. Instead, it is the plenary Board that oversees executive compensation to enable the Company to ensure conformity between compensation and other corporate objectives and to consider, all compensation packages, both present and future, for the Company's management and directors (including annual retainer, meeting fees, bonuses and option grants) and any severance packages.

The Board oversees the proper functioning of the Board and management of the Company to ensure the proper discharge of duties, to schedule meetings and to ensure timely reporting to the shareholders. The Board meets as often as may be necessary or appropriate in its members' discretion and judgment, and not less than four times each year.

The Board sets the standards for compensation of directors and officers based on industry data and with the goal to attract, retain and motivate key persons to ensure the long-term success of the Company. Compensation generally includes the three following components: base salary, annual bonus based on performance and grant of stock options. The Board takes into account the North American context of the activities of the Company and increased competition in the market for its key personnel while also taking into account the performance and objectives set forth for the Company.

Other Board Committees

There Audit Committee is presently the only committee of the Board.

Assessments

The Board annually reviews its own performance and effectiveness as well as the effectiveness and performance of the Audit Committee. Effectiveness is subjectively measured by comparing actual corporate results with stated objectives. The contributions of individual directors are informally monitored by other Board members, bearing in mind the business strengths of each individual and the purpose of originally nominating the individual to the Board. The Board monitors the adequacy of information given to directors, communication between Board and Management and the strategic direction and processes of the Board and the Audit Committee.

The Board believes its corporate governance practices are appropriate and effective for the Company, given its size and operations. The Company's corporate governance practices allow the Company to operate efficiently, with checks and balances that control and monitor Management and corporate functions without an excessive administration burden.

Stock Options and Other Compensation Securities

10% Rolling Stock Option Plan (Option-Based Awards)

The Company currently has a stock option plan dated for reference March 23, 2023, which was last approved by shareholders at the Company’s annual general meeting held on April 28, 2023 (the “**Option Plan**”).

The number of Common Shares which may be issued pursuant to options granted under the Option Plan (“Options”) is a maximum of 10% of the issued and outstanding Common Shares, on a non-diluted basis, at the time of the grant.

The purpose of the Option Plan is to advance the interests of the Company by encouraging the directors, employees and consultants of the Company and of its subsidiaries or affiliates, if any, by providing them with the opportunity, through Options, to acquire Common Shares in the capital of the Company, thereby increasing their proprietary interest in the Company, encouraging them to remain associated with the Company and furnishing them with additional incentive in their efforts on behalf of the Company in the conduct of its affairs.

Material Terms of Option Plan

Eligibility

The Option Plan allows the Company to grant Options to attract, retain and motivate qualified directors, officers, employees and consultants of the Company and its subsidiaries (collectively, the “**Option Plan Participants**”).

Number of Shares Issuable

The aggregate number of Shares that may be issued to Option Plan Participants under the Option Plan will be that number of Shares equal to 10% of the issued and outstanding Shares on the particular date of grant of the Option, inclusive of any Outstanding Options.

Limits on Participation

The Option Plan provides for the following limits on grants, for so long as the Company is subject to the requirements of the Exchange, unless disinterested Shareholder approval is obtained or unless permitted otherwise pursuant to the policies of the Exchange:

- (i) the maximum number of Shares that may be issued to any one Option Plan Participant (and where permitted pursuant to the policies of the Exchange, any company that is wholly-owned by the Option Plan Participant) under the Option Plan, together with any other security based compensation arrangements, within a 12-month period, may not exceed 5% of the issued Shares calculated on the date of grant;
- (ii) the maximum number of Shares that may be issued to insiders collectively under the Option Plan, together with any other security based compensation arrangements, within a 12-month period, may not exceed 10% of the issued Shares calculated on the date of grant; and
- (iii) the maximum number of Shares that may be issued to insiders collectively under the Option Plan, together with any other security based compensation arrangements, may not exceed 10% of the issued Shares at any time.

For so long as such limitation is required by the Exchange, the maximum number of Options which may be granted within any 12-month period to Option Plan Participants who perform investor relations activities must not exceed 2% of the issued and outstanding Shares, and such Options must vest in stages over 12 months with no more than 25% vesting in any three-month period. In addition, the maximum number of Shares that may be granted to any one consultant under the Option Plan, together with any other security based compensation arrangements, within a 12-month period, may not exceed 2% of the issued Shares calculated on the date of grant.

Administration

The plan administrator of the Option Plan (the “**Option Plan Administrator**”) will be the Board or a committee of the Board, if delegated. The Option Plan Administrator will, among other things, determine which directors, officers, employees or consultants are eligible to receive Options under the Option Plan; determine conditions under which Options may be granted, vested or exercised, including the expiry date, exercise price and vesting schedule of the Options; establish the form of option certificate (“**Option Certificate**”); interpret the Option Plan; and make all other determinations and take all other actions necessary or advisable for the implementation and administration of the Option Plan.

Subject to any required regulatory or Shareholder approvals, the Option Plan Administrator may also, from time to time, without notice to or without approval of the Shareholders or the Option Plan Participants, amend, modify, change, suspend or terminate the Options granted pursuant thereto as it, in its discretion, determines appropriate, provided that no such amendment, modification, change, suspension or termination of the Option Plan or any Option granted pursuant thereto may materially impair any rights of an Option Plan Participant or materially increase any obligations of an Option Plan Participant under the Option Plan without the consent of such Option Plan Participant, unless the Option Plan Administrator determines such adjustment is required or desirable in order to comply with any applicable securities laws or stock exchange requirements or as otherwise permitted pursuant to the Option Plan.

All of the Options are subject to the conditions, limitations, restrictions, vesting, exercise and forfeiture provisions determined by the Option Plan Administrator, in its sole discretion, subject to such limitations provided in the Option Plan, and will be evidenced by an Option Certificate. In addition, subject to the limitations provided in the Option Plan and in accordance with applicable law, the Option Plan Administrator may accelerate the vesting of Options, cancel or modify outstanding Options and waive any condition imposed with respect to Options or Shares issued pursuant to Options.

Exercise of Options

Options shall be exercisable as determined by the Option Plan Administrator at the time of grant, provided that no Option shall have a term exceeding 10 years so long as the Shares are listed on the Exchange.

Subject to all applicable regulatory rules, the vesting schedule for an Option, if any, shall be determined by the Option Plan Administrator. The Option Plan Administrator may elect, at any time, to accelerate the vesting schedule of an Option, and such acceleration will not be considered an amendment to such Option and will not require the consent of the Option Plan Participant in question. However, no acceleration to the vesting schedule of an Option granted to

an Option Plan Participant performing investor relations services may be made without prior acceptance of the Exchange.

The exercise price of an Option shall be determined by the Option Plan Administrator and cannot be lower than the greater of: (i) the minimum price required by the Exchange; and (ii) the market value of the Shares on the applicable grant date.

An Option Plan Participant may exercise the Options in whole or in part through any one of the following forms of consideration, subject to applicable laws, prior to the expiry date of such Options, as determined by the Option Plan Administrator:

- the Option Plan Participant may send a wire transfer, certified cheque or bank draft payable to the Company in an amount equal to the aggregate exercise price of the Shares being purchased pursuant to the exercise of the Options;
- subject to approval from the Option Plan Administrator and the Shares being traded on the Exchange, a brokerage firm may be engaged to loan money to the Option Plan Participant in order for the Option Plan Participant to exercise the Options to acquire the Shares, subsequent to which the brokerage firm shall sell a sufficient number of Shares to cover the exercise price of such Options to satisfy the loan. The brokerage firm shall receive an equivalent number of Shares from the exercise of the Options, and the Option Plan Participant shall receive the balance of the Shares or cash proceeds from the balance of such Shares; and
- subject to approval from the Option Plan Administrator and the Shares being traded on the Exchange, consideration may be paid by reducing the number of Shares otherwise issuable under the Options, in lieu of a cash payment to the Company, an Option Plan Participant, excluding those providing investor relations services, only receives the number of Shares that is equal to the quotient obtained by dividing: (i) the product of the number of Options being exercised multiplied by the difference between the volume-weighted average trading price of the Shares and the exercise price of the Options, by (ii) the volume-weighted average trading price of the Shares. The number of Shares delivered to the Option Plan Participant may be further reduced to satisfy applicable tax withholding obligations.

If an exercise date for an Option occurs during a trading black-out period imposed by the Company to restrict trades in its securities, then, notwithstanding any other provision of the Option Plan, the Option shall be exercised no more than ten business days after the trading black-out period is lifted by the Company, subject to certain exceptions.

Termination of Employment or Services and Change in Control

The following describes the impact of certain events that may, unless otherwise determined by the Option Plan Administrator or as set forth in an Option Certificate, lead to the early expiry of Options granted under the Option Plan.

Termination by the Company for cause:	Forfeiture of all unvested Options. The Option Plan Administrator may determine that all vested Options shall be forfeited, failing which all vested Options shall be exercised in accordance with the Option Plan.
Voluntary resignation of an Option Plan Participant:	Forfeiture of all unvested Options. Exercise of vested Options in accordance with the Option Plan.
Termination by the Company other than for cause:	Acceleration of vesting of a portion of unvested Options in accordance with a prescribed formula as set out in the Option Plan. Forfeiture of the remaining unvested Options. Exercise of vested Options in accordance with the Option Plan.

Death or disability of an Option Plan Participant:	Acceleration of vesting of all unvested Options. Exercise of vested Options in accordance with the Option Plan.
Termination or voluntary resignation for good reason within 12 months of a change in control:	Acceleration of vesting of all unvested Options. Exercise of vested Options in accordance with the Option Plan.

Any Options granted to an Option Plan Participant under the Option Plan shall terminate at a date no later than 12 months from the date such Option Plan Participant ceases to be an Option Plan Participant.

In the event of a triggering event, which includes a change in control, dissolution or winding-up of the Company, a material alteration of the capital structure of the Company and a disposition of substantially all of the Company's assets, the Option Plan Administrator may, without the consent of the Option Plan Participant, cause all or a portion of the Options granted to terminate upon the occurrence of such event.

Amendment or Termination of the Option Plan

Subject to any necessary regulatory approvals, the Option Plan may be suspended or terminated at any time by the Option Plan Administrator, provided that no such suspension or termination shall alter or impact any rights or obligations under an Option previously granted without the consent of the Option Plan Participant.

The following limitations apply to the Option Plan and all Options thereunder as long as such limitations are required by the Exchange:

- any adjustment to Options, other than in connection with a security consolidation or security split, is subject to prior Exchange acceptance;
- any amendment to the Option Plan is subject to prior Exchange acceptance, except for amendments to reduce the number of Shares issuable under the Option Plan, to increase the exercise price of Options or to cancel Options;
- any amendments made to the Option Plan shall require regulatory and Shareholder approval, except for amendments to: (i) fix typographical errors; and (ii) clarify existing provisions of the Option Plan and which do not have the effect of altering the scope, nature and intent of such provisions; and
- the exercise price of an Option previously granted to an insider must not be reduced, or the extension of the expiry date of an Option held by an insider may not be extended, unless the Company has obtained disinterested Shareholder approval to do so in accordance with Exchange policies.

Subject to the foregoing limitations and any necessary regulatory approvals, the Option Plan Administrator may amend any existing Options or the Option Plan or the terms and conditions of any Option granted thereafter, although the Option Plan Administrator must obtain written consent of the Option Plan Participant (unless otherwise excepted out by a provision of the Option Plan) where such amendment would materially decrease the rights or benefits accruing to an Option Plan Participant or materially increase the obligations of an Option Plan Participant.

A copy of the Option Plan is attached as Schedule "A" to the information circular prepared for the Company's annual general meeting held on April 28, 2023, which was filed on SEDAR on March 28, 2023. A copy of the Option Plan will also be available at the Meeting.

Oversight and Description of Director and NEO Compensation

Compensation Discussion and Analysis

The Board compensation program is designed to provide competitive levels of compensation, a significant portion of which is dependent upon individual and corporate performance and contribution to increasing shareholder value. The Board recognizes the need to provide a total compensation package that will attract and retain qualified and experienced executives as well as align the compensation level of each executive to that executive's level of responsibility. In general, a NEO's compensation is comprised of contractor payments and stock option grants.

The objectives and reasons for this system of compensation are generally to allow the Company to remain competitive compared to its peers in attracting and retaining experienced personnel. The Board determines and fixes compensation for its directors and officers. All salaries and/or consulting fees are to be set on a basis of a review and comparison of compensation paid to executives at similar companies.

Although the Board has not made a formal evaluation of the implications of the risks associated with the Company's compensation policies and practices, risk management is a consideration of the Board when implementing its compensation program. The Board believes the Company's compensation program does not result in unnecessary or inappropriate risk taking; nor are there any risks taken that are likely to have a material adverse effect on the Company.

Share-Based and Option-Based Awards

The Company does not grant share-based awards. The Board is responsible for granting options to the NEOs. Stock option grants are designed to reward the NEOs for success on a similar basis as the shareholders of the Company, but

these rewards are highly dependent upon the volatile stock market, much of which is beyond the control of the NEOs. When new options are granted, the Board takes previous option grants into account as well as the number of stock options currently held, the individual's position, overall individual performance, anticipated contribution to the Company's future success and the individual's ability to influence corporate and business performance. The purpose of granting such stock options is to assist the Company in compensating, attracting, retaining and motivating the Company's officers, directors and employees and to align the personal interests of such persons with the interests of the shareholders.

The exercise price of the stock options granted is generally determined by the market price at the time of grant, less any allowable discount.

Compensation Governance

The Board monitors remuneration of the executive officers of the Company and meets as often as it deems necessary, but no less than two times per year. The CEO may not be present during the deliberations or voting on CEO compensation.

The following is a summary description of the Board responsibilities concerning NEO compensation:

- (a) to review and approve corporate goals and objectives relevant to NEO compensation, including the evaluation and performance of the CEO in light of those corporate goals and objectives, and to make recommendations to the Board with respect to NEO compensation levels (including the award of any cash bonuses or share ownership opportunities) based on various factors as the Board deems relevant, such as the Company's performance and the value of similar awards given to NEOs at comparable companies in past years;
- (b) to consider the implementation of short and long-term incentive plans, including equity-based plans, proposed by management, to make recommendations to the Board with respect to these plans and to annually review such plans after their implementation; and
- (c) to review annually any other benefit plans proposed by management and make recommendations to the Board with respect to their implementation.

All Board members have direct experience relevant to their responsibilities relating to director and NEO compensation. All members are or have held senior executive roles within public companies, and therefore have a good understanding of compensation programs. They also have good financial understanding, which allows them to assess the costs versus benefits of compensation plans. The Board members' combined experience in the resource sector provides them with an understanding of the Company's success and risk factors, which is very important when determining metrics for measuring success.

Company Prohibits Hedging

The Company's NEOs and directors are not permitted to purchase financial instruments, including for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or a director of the Company.

Termination and Change of Control Benefits

During the financial years ended March 31, 2022 and March 31, 2023, the Company did not have any contracts, agreements, plans or arrangements in place with any NEO that provides for payment following or in connection with any termination, resignation, retirement, a change of control of the Company or a change in a NEO's responsibilities.

Pension Disclosure

The Company does not have a pension plan that provides for payments or benefits to the NEOs or directors at, following, or in connection with retirement.

On October 31, 2023 the Subsidiary entered into an interim agreement (the “**Interim Agreement**”) with Cheal Petroleum Limited (the “**Purchaser**”), pursuant to which the Purchaser agreed to purchase the Oil and Gas Assets from the Subsidiary (the “**Seller**” and together with the Purchaser the “**Parties**” and each, a “**Party**”) for a purchase price of US\$1,000,000 (the “**Transaction**”).

Reason for the Sale

The Company believes the sale of the Oil and Gas Assets is in the best interests of the Company for the reasons that the Oil and Gas Assets are a minority interest and non-operated interest and costs, expenses and joint interest business are outside the scope and purview of management. Additionally, the oversight of the Oil and Gas Asset is increasingly difficult for management in Canada without incurring significant expense of maintaining a New Zealand office and staff.

Material Terms of the Interim Agreement

The material terms of the Interim Agreement are summarized below.

Seller	East West Petroleum (NZ) Limited
Buyer	Cheal Petroleum Limited
Asset	Oil and Gas Assets (defined above)
Purchase Price	USD \$ 1,000,000
GORR	USD \$350,000 payable within sixty days after a new well, as defined, is drilled by the Purchaser at Cheal East and such well is permanently brought on production.
Effective Date	31 July 2023
Additional ARO	In addition to the consideration detailed above, the Purchaser will assume 100% of all further reclamation costs associated with the E, G and D drilling pads located in Permit 38156, Taranaki, New Zealand. Purchaser shall indemnify the Seller for any claim for reclamation cost or expense made to Seller by any third party.
Deposit	USD \$250,000.00 – non-refundable, paid upon signing of the Definitive Agreement.

Balance of Purchase Price	Paid on the earlier of 90 days from the Agreement Date or the date which is 10 business days following Approvals (defined below). The balance of the purchase price could be paid earlier if the NZ Government Approvals are granted within 90 days of the Agreement Date.
Completion Date	The date which is 10 business days following receipt of all New Zealand government approvals required in respect of the transaction (“ Approvals ”).
Escrow	If the Approvals are not granted within 90 days of the Agreement Date, Seller retains the full Purchase Price already paid, but 30% of the Cheal East JV net cash flows after this period go into an escrow account to be released to the Buyer on Completion Date.

The Parties will negotiate in good faith with a view to entering into a share purchase agreement (the “SPA”) detailing the terms and conditions of the proposed transaction, and upon the key terms contained herein within 20 days of the date of the execution of this Interim Agreement or such later date as may be mutually agreed to in writing by the Parties. The SPA will, upon execution, replace and supersede the Interim Agreement. Any failure to reach an agreement on the terms and conditions of the SPA and/or enter into a SPA shall not impose any liability on either party.

Termination. The Interim Agreement will terminate on the earlier of the date that the parties execute the SPA and 20 days following the execution of the Interim Agreements or earlier by mutual agreement between the Parties in writing.

Shareholder Approval

At the Meeting, shareholders will be asked to consider, and if thought fit, approve a special resolution to approve the Transaction. To be approved, the resolution requires the approval of at least two-thirds (66⅔%) of the votes cast thereon by shareholders of the Company present in person or represented by proxy at the Meeting. The Company is not aware of any Shareholder who will be ineligible to vote on the approval of the Transaction at the Meeting.

For greater certainty, the Transaction is an arm's length transaction, and, to the best of the Company’s knowledge, there are no shareholders with a material interest in the Transaction.

Regulatory Approval

The Company has applied to the TSXV for acceptance of the Transaction. In accordance with the conditions set forth in the Interim Agreement, the Company requires the acceptance of the TSXV prior to closing the Transaction. Final acceptance of the TSXV will be subject to a number of customary conditions, including, but not limited to the receipt of shareholder approval of the Transaction at the Meeting. The acceptance of the Transaction by the TSXV should not be interpreted to mean that the TSXV has in any way passed upon the merits of the Transaction.

Related Party Transaction

The Transaction is not considered to be a related party transaction under Multilateral Instrument 61-101 – *Protection of Minority Security Holders in Special Transactions*.

Recommendation of the Board

The Board has unanimously approved the Transaction and the resulting disposition of the Oil and Gas Assets. The Board of the Company believes that the Transaction is in the best interests of the Company and, based on the factors set out above, that the Transaction is fair to Shareholders.

Accordingly, the Board unanimously recommends that Shareholders allow for the completion of the Transaction by approving the Transaction.

Risk Factors Related to the Transaction

In evaluating whether to approve the Transaction, shareholders should carefully consider the following risk factors. Additional risks and uncertainties, including those currently unknown to or considered immaterial by the Company may also adversely affect the Transaction. The following risk factors are not a definitive list of all risk factors associated with the Transaction.

Whether or not the Transaction is completed, the Company will continue to face the risks that it currently faces with respect to its affairs, business and operations and future prospects. Such risk factors are set forth and described in the Company's disclosure records which have been filed on the Company's SEDAR profile at www.sedarplus.ca.

Definitive Agreement. The Transaction is subject to negotiation of a Definitive Agreement and there is no assurance that the Definitive Agreement will be entered into or entered into upon the terms established by the Interim Agreement.

Completion of the Transaction. There are a number of conditions precedent to the Transaction which are outside the control of the Company, including, but not limited to, approval of the Transaction by the New Zealand Regulatory Authorities and the completion of certain conditions of closing. There can be no certainty, nor can the Company provide any assurance, that these conditions will be satisfied or, if satisfied, when they will be satisfied. Moreover, a substantial delay in obtaining satisfactory approvals could result in the Transaction not being completed. In addition, the Parties have the right to terminate the Interim Agreement in certain circumstances. Accordingly, there is no certainty that the Interim Agreement will not be terminated before the completion of the Transaction. If the Transaction is not completed, there can be no assurance that the Company will be able to find another opportunity to sell the Subsidiary on the same or similar terms, if any.
